"Revitalizing our towns one building at a time"

The Enterprise Zone Commission (EZC) was created to revitalize blighted and distressed communities that once were socially and economically vibrant. The authorizing act provides for tax incentives and economic development benefits free from regulatory barriers which inhibit economic growth, and also encourages collaboration among public, private and non-profit entities in order to accomplish the desired objectives.

The designated enterprise zones are Savanne-Downstreet, Garden Street-UpStreet on St. Thomas and the towns of Christiansted and Frederiksted on St. Croix.
